THE MISSOURI MINER.

Missouri School of Mines and Metallurgy, Rolla, Mo.

Vol. 2, No. 1.

Friday, September 10, 1915.

Price 5 Cents.

Football Outlook.

The prospects for a good football team, which will compare favorably with last year's "Steam Roller," are excellent. Askew and Imlay reported for practice Thursday evening, and it is rumored that Brandenburger will be here in a few days. Bruce, an all-Kansas lineman, is out for practice every evening, and "Kelly" Miller will be on hand when the whistle blows for the first game with Pittsburg Normal. It is hoped that Kiskaddon will come out when he returns from the oil fields. Several of the Freshmen are showing up good. With men like Imlay, Askew, Captain Wilson, Miller and Bruce to build a team around, and with the new gymnasium facilities, Coach Dennie's prospects are much brighter than they were at the close of school last year. Of course, we will not have the finished football players like Copley, Freeman and Bland, but nevertheless, with Imlay in the back field, Kiskaddon at quarter, and Askew and Wilson on the line, we should have a team which will fully uphold the reputation made by last year's Miners.

Senior Class Election.

On Thursday evening, Sept. 9, the following men were elected to Senior Class offices:

J. Chas. Miller, President.

John Schuman, Vice-President.

J. J. Dowd, Secretary and Treasurer.

Student Council: C. G. Stifel, F. Grotts, B. L. Ashdown, C. N. Hoppock.

Sophomore-Freshman Smoker Mechanical Hall Monday Evening. Eats, Smokes, Talks, Bouts, Songs, and a big time. All Out! Let's get acquainted.

COACH F. E. DENNIE,
The Man Who Wants Your Help
in Making Another Record-
Breaking Football Team.

When and Where We Play Them.

October 2, Pittsburg Normal, Rolla.

October 9, University of Illinois, Urbana.

October 16, Kansas School of Mines, Rolla.

October 22, Texas A. & M., College Station, Texas.

October 30, Kirksville Osteopaths, Rolla.

November 6, Drury, Springfield.

November 13, no game scheduled as yet.

November 19, Warrensburg Normal, Warrensburg.

Thanksgiving. No game is scheduled as yet. Probably will play Arkansas at Fayetteville.

If you have not subscribed for the MINER, do it now!

Come Out and Help.

In every school there are men who have the idea that they cannot make the team their first year, and, therefore, do not come out at all. This sort of spirit never did anything. If you are at all physically fit to play, whether you know the game or not, come out every night and practice, and practice hard, and you cannot help but make the team sometime in your four years here. Remember, that even though you do not get a place in the line-up, you are making the other fellow hump to keep his place, which makes a better player of him. If you do not know the game, get into a suit, tell the Coach your failing, and let him teach you.

If you cannot get in the practice, come out each evening and root. When a fellow makes a good tackle, or a good punt, give him a good word; he'll appreciate it, and think more of your judgment. Every one likes a little praise now and then, and football men are no exceptions.

After practice is over, go in the Gym and help rub the fellows down. There are usually about twenty men out, and only two or three to rub down. Lend a hand now and then; it will be appreciated. Let's all get together, and help the team slip one over on Illinois.

Smoking Room.

It gives us pleasure to report that we are to have a real smoking room. The southwest room of the basement in Norwood Hall has been turned over to the student body as a place for them to fill up their pipes and have a quiet smoke. Make yourselves at home there, Freshmen.

You Know Me, Al!

If you play a band instrument see Mr. Scott.

If you have not subscribed for the MINER, do it now!

Miner's Orchestra.

We are pleased to report that preparations are being made for the continuance of the Miner's Orchestra, directed by Mr. John W. Scott. Mr. Scott would be pleased to meet, as soon as possible, any new or old students who play a band or orchestral instrument. It is the intention of the Orchestra to give a series of concerts throughout the school year, and Mr. Scott is anxious to secure a full and complete instrumentation.

Band Concert at Smoker.

Through the efforts of the MINER, and through the courtesy of Mr. Jno. W. Scott, the MINER'S ORCHESTRA will render several selections at the Sophomore-Freshman Smoker Monday evening.

One student says that he cannot go to the dance because he has to study his chemistry. Another says that he cannot study his chemistry because he has to go to the dance.

One student plans his work and lets pleasure break in occasionally; another plans his pleasure and lets work break in occasionally.

One student makes Tau Beta Pi and is happy; another is happy and does not make Tau Beta Pi.

Both of them live to a moderate old age and die in moderate circumstances.

Funny old world, isn't it?—
Daily Texan.

Faculty Notes.

Mr. and Mrs. F. H. Frame ar-
rived in Rolla the latter part of
August. At present they are
stopping with Mrs. Forrester, but
expect to move to their residence
on E. 12th St.

Professor and Mrs. Garrett re-
turned last week from their trip
through the west in their new
automobile. Professor Garrett
reports that they had a splendid
trip, but found trouble with the
roads in the western part of
Kansas.

The new men in the Faculty
are Messrs. Neal C. Huttenpillar,
Robert S. Anderson and W. L.
Dobie.

Dr. J. W. Barley has resigned
his position as Secretary of the
Faculty. Dr. J. W. Cox, Pro-
fessor of Geology, has been elect-
ed his successor.

The following is a complete list
of the paid-up subscriptions to
date. This will serve as a receipt
to the out-of-town men. If you
have paid your dollar, and your
name is not on this list, make a
kick to the Business Manager.
This list will be published weekly.

News of the Alumni.

Ira L. Wright, '07, is president, and I. J. K. Stauber is secretary-treasurer of the Pinos Altos Mining and Milling Co., Pinos Altos, New Mexico.

W. M. Weigel, '00, has returned to the Pennsylvania State College, State College, Pa., as Associate Professor of Mining.

R. G. Knickerbocker, '12, has resigned his position as instructor in Metallurgy at the University of Cincinnati, and has accepted the position of Professor of Metallurgy at the Oklahoma School of Mines, Wilburton, Okla.

Dr. A. X. Ilinski, '10, has resigned his position as Station Assistant in the M. S. M. Experiment Station. Dr. Illinski has been elected Professor of Chemistry at the New Mexico School of Mines, Socorro, New Mexico.

Alexander Grosberg, '12, Metallurgical Engineer, Patino Tin Mines, Miraflores Mills, Uncia, Bolivia, S. A., is donating to M. S. M. a collection of Cassiterite and Bismuthinite specimens. This collection is expected to reach Rolla the latter part of October.

M. J. Kelly, '14, Instructor in

Physics at Kentucky University, Lexington, Kentucky, studied this summer at the University of Chicago. After giving him a try-out, the University recognized the B. S. degree of M. S. M. as equivalent to its own B. S. degree. This is just another example of the excellent training we are getting every day at M. S. M. and when we see that a B. S. degree from M. S. M. is on par with the same degree from a large college like the University of Chicago, we realize what a good school M. S. M. is, after all.

Theodore S. Delay, '94, is City Engineer of Creston, Iowa, and does a successful consulting practice.

H. W. Cockburn, ex- , is resident engineer for T. S. DeLay on a paving job at Forrest City, Io.

Jake Stroup, ex-'15, is sampler at the Inspiration Mill, Miami, Ariz.

H. S. Leavitt, ex-15, is assayer, Miami Mill, Miami, Ariz.

D. L. "Red" Forrester, '11, is at the flotation plant of the Arizona Copper Co., Morenci, Ariz.

W. W. McMillen, ex- . is head chemist for the Detroit Copper Co., Morenci, Ariz.

Willard Pugh, ex-'17, is mine sampler for the Detroit Copper Co., Morenci, Arizona.

Karl Hamm, ex-'15, is metallurgical clerk for the Arizona Copper Co., Clifton, Ariz.

Andrew Kerr, ex- , is surveyor for the Arizona Copper Co., Clifton, Arizona.

A. F. Truex, '14, was in Rolla for a few days the first of this week. He left Wednesday for the Joplin office of the Missouri Bureau of Geology and Mines, where he will be permanently located.

W. C. Hogoboom, '14. of the Southeast Missouri Lead Co., is visiting in Rolla for a few days.

J. H. Evans, '17, intends to remain out of school this year, to continue work at Butte, Mont.

News of the Alumni.

[Continued from 4th Page].

He expects to re-enter school in September 1916 with the class of 1918.

O. D. Neal, '14, who is now on his honeymoon, passed through Rolla on No. 7 Monday evening. Neal is with the Granby Smelting and Refining Co., Neodesha, Kansas.

M. S. M. Men in the Cobalt District.

M. M. Albertson, Assistant Engineer, Mining Corporation of Canada.

Robt. E. Dye, superintendent, high grade plant, and low grade cyanide plant, Buffalo Mines, Ltd.

R. G. Sickly, chief chemist, Buffalo Mines, Ltd.

E. B. Thornhill, metallurgical engineer, Buffalo Mines, Ltd.

Send the MINER home. The folks will be glad to get it.

HEADS UP!

Among our advertisers are tailors, clothiers, druggists, confectioners, jewelers, hardware stores, grocers, barbers and restaurants of the first order. They can supply your every want, and at reasonable prices. Get your winter suit, overcoat, hat and shoes here in town, as well as your books and supplies.

If you want your school to have a good publication, you must support the men and firms that are making the MINER possible.

The New Swimming Pool.

You have undoubtedly all read the Gym regulations, as well as hearing the talks by Director McRae and Athletic Director Dennie. These men surely know what is best for all concerned, and the Miner urges that all students take it upon themselves to are lived up to. The physical examination and the "real" bath before entering the pool are imperative. Let's show the proper spirit. Come up and try the new pool. The water's fine.

Y. M. C. A. Handbook.

Have you received the new Y. M. C. A. Handbook? If not, see Schiermeyer, Grotts or Head and get a copy. It is an excellent little booklet, and contains an abundance of good information. If you have a friend interested in the School of Mines, send him one; he will appreciate it. It's free, of course.

Get that Y. M. C. A. Handbook.
